3000 Palmer St.
Missoula, MT 59808-1696

To Whom It May Concern:

The STLC was a great opportunity to meet with directors and transportation managers from all over North America. I think the best part was being able to listen to some of the other districts' "best practices", and bring some of those ideas home to Galena Park ISD. It is good to know that other states and provinces are having similar issues, and as a group we can try to create solutions. The face-to-face networking was absolutely invaluable!

Sincerely,

James D. Beesley
Director of Transportation
