Dear Glen:

I want to thank you for the honor of being invited to present at the 16th Annual Training Conference. It was great to be able to meet part of the Edulog team! Putting names with faces always helps when you're "discussing" issues over the telephone.

I know you're aware that my staff had a difficult time getting started with the routing software. It's a shame, but the problem was absolutely our fault. Poor attitudes were the problem. Once we were able to overcome the attitude issue, we started making progress and haven't looked back!

We couldn't be more pleased with the Edulog software we've purchased. I'm amazed at how quickly support is able to rework or "fix" different issues. We're not always the easiest people to work with but the Edulog staff has been extremely patient, helpful, and encouraging. They treated me the same way at the conference. I truly felt like part of the team!

I've never attended one of the Training Conferences and probably never would have before being invited to attend this one. Now, I wouldn't miss it!

Thank you again for the incredible opportunity. I can't wait until next year!!

Sincerely,

Debra Savely
