Dear Nancy,

Kearsley Schools went from Edulog DOS, to Edulog ePTS for the 2009/2010 school year. We were able to take 8 buses off the road and 8 routes away. The cost savings for driver salaries, and benefits was \$40,000. We haven't calculated other cost savings such as fuel, cost per mile, or insurance savings at this time. We are looking forward to seeing a reduction in those costs as well by the end of the school year. We find Edulog ePTS much easier to use than the Edulog DOS system. It is a good system to work with.

Sincerely,

Ronda Coleman
