TERRY HUSS, Director of Transportation and Pupil Accounting

www.oregoncityschools.org

December 09, 2011

Dear Ross,

I'm writing you to comment on how we have used the Edulog Routing System to evaluate "what-if" scenarios for our district. Like many districts, Oregon City Schools is always looking for new ways to be more efficient and optimize our bus routes. Our Transportation Department has been asked many times over the past few years to create new routes after the district decided to change bell-times and other major transportation policies (we eliminated HS busing at one point!). We use the Edulog SIM (simulation) area to quickly plan and evaluate these new routes and ensure they will be optimal and road worthy. It worked great.

We currently operate 24 buses and have been able to effectively cut buses with the Edulog software during these times of budget crisis.

Thank you again,

Terry Huss
Transportation Supervisor
Oregon City Schools

BOARD MEMBERS: Eric Heintschel, President; Diana Gadus, Vice President; Richard Gabel; Diane Karoly; Carol Molnar
