

R&D TECHNOLOGIST

WHY WORK WITH EDULOG?

As an employee at EDULOG you will have the opportunity to gain invaluable experience in the software industry while helping improve the student transportation system through our leading edge technology nationally and internationally. EDULOG is a great company to expand on your existing knowledge and provides you with opportunities to grow professionally and move interdepartmentally as your skills develop. EDULOG is a collaborative and creative atmosphere where employee ideas are encouraged and appreciated.

SUMMARY & OBJECTIVE

We are looking for a technically minded individual to join our R&D team. The ideal candidate will have hands on experience with electronics, software and black box testing, assembling PCs, IT functions with wireless networking, technology writing, and an understanding of mobility.

SKILLS & QUALIFICATIONS

- Proficient with a soldering Iron
- Ability to deconstruct technologies and identify competitive advantages
- Curiosity and experience with Arduino and/or Raspberry Pi
- Breadboard hobbies is a plus though the position does not require it
- Near Field Communications (RFID / Bluetooth) knowledge
- Tablet, Android and iOS familiarity
- A basic understanding of software development is also a plus
