"The reduction in stops was pretty huge. It was kind of unreal how we had additional stops and it saved us a little bit in man-hours. It smoothed out the runs and allowed us to become more efficient."

--Orville Burks, Route Coordinator, Bartlesville Public Schools, OK

eEDULOG Consulting

Stops, Runs, and Routes

EDULOG consultants offer you a third-party perspective to help you analyze and improve your planned routing, helping you find changes that lead to greater efficiency and make sure you meet your budget goals.

Could Bell-times Save Your Budget?

EDULOG can help you evaluate and move to a multi-tier bell-system that could help your district put money back into critical school programs.

Planning for the Future

Whether it's changing student walk boundaries or creating a new shuttle system, EDULOG's Consulting Services team can help you find efficiencies and make better predictions for your future transportation policies.

The Right Students to the Right Schools

EDULOG can assist you with the task of analyzing and projecting demographics, growth, and the effects of redistricting to help you make smart, data-driven changes to your transportation models.

Need a Helping Hand?

We understand that making changes to school transportation is a process that affects communities. Our experts take the time to work with you to make sure that you not only get effective solutions, but also stand by you throughout the entire process.
