Plug & Play

# Edulog Parent Portal App

▶ Increased communication, service, and satisfaction for parents

▶ Real-time location of the child's bus

▶ Minimize phone calls to the Transportation Department

▶ Custom and flexible notifications

Edulog's Parent Portal app can grow with your school district to include Planned Routing Data, Student Ridership, and Transportation Requests.

Samsara Real-Time GPS Tracking

▶ Get real-time visibility into your fleet, so you can keep parents up to date with live-to-the-second tracking

▶ Easy to use dashboard offers insights on driver behavior and engine data

▶ Provides unmatched visibility into harsh driving and fuel use to improve efficiency and sustainability

Why Edulog Parent Portal?

Scan the QR code to the right to find out why districts across the U.S. and Canada use Edulog software for all of their transportation needs:
